Clinical  
Documentation  
Improvement  
Boot Camp®

ICD-10 for CDI  
Boot Camp™

## HCPPro Boot Camps® CDI Education Catalog

"The CDI boot camp exceeded my expectations! I had never felt comfortable using the DRG Expert, but after she explained each body system, I now have a much clearer understanding and will be able to use it more confidently. Lynne presents information very clearly and makes it very interesting!"

*Virginia Wilson  
Clinical Documentation Nurse  
Brooklyn Hospital Center, Brooklyn, NY*

"I wanted to learn the importance and the reasoning behind why we are expected to do this and needed to take it back to my team of doctors. Lynne Spryszak [is an] excellent teacher. Very patient, very well informed! Taught me what I needed to know and more. I know my documentation is going to improve 150% and so will my team's. Very informative! I suggest that every physician advisor attend this course."

*Bharathi Thuraiamy, MD  
Medical Director  
Arnot Ogden Medical Center, Horseheads, NY*

# HCPPro Boot Camps lead the industry in CDI education

## YOU CAN DO THIS. HCPRO WILL HELP.

- Master CDI skills for program and professional excellence
- Identify missed opportunities and incomplete documentation and minimize denials
- Maintain compliance with the latest rules and regulations
- Answer your CDI questions and build an effective program
- Prepare your program and organization for ICD-10

## These are the only Clinical Documentation Improvement Boot Camp courses of their kind. Check out all the benefits of the most comprehensive course available today:

- **Highly Rated, Well-Established Program:** Backed by the Association of Clinical Documentation Improvement Specialists (ACDIS), this Boot Camp provides the same great education you've come to rely on from HCPPro Boot Camps.
- **Custom-Designed Course Materials:** Materials, source documents, and exercises are developed by instructors specifically for this intensive learning format. You'll take these unique course manuals home with you for future reference.
- **Hands-On Learning:** Course work includes practical exercises designed to reinforce the concepts learned in class. Students receive answer keys that provide the rationale for documentation and coding situations.
- **Expert Faculty:** The HCPPro regulatory experts have deep expertise in CDI practices, processes, and the Medicare reimbursement and documentation requirements and the intricacies of applying them, but even more importantly, they are the best teachers you will find. Hands down.

## HCPRO BOOT CAMPS ARE ONLINE!

Can't take a week away from work to train? Get the same training without the expense of travel! Take the course online over either two or four weeks, depending on the boot camp you select. Using a combination of online lecture, interactive course work, practical exercises, and instructor conference calls, these intensive online courses cover the same class content at the same price as the live classroom-based training. Online dates are listed with the relevant boot camp in the following pages.

You'll receive the same content and instruction that you would experience at our classroom-based nationally recognized Boot Camps, but you'll be taking the course from the convenience of your home or office. Ask questions of our faculty during weekly live office hours calls.

### HCPPro Online Boot Camps include:

- Two to four weeks of video instruction, depending on the boot camp you choose
- Custom-designed course materials
- 24-hour access to course materials and instructors
- Live interaction with experts and your peers

Visit [www.hcprobootcamps.com](http://www.hcprobootcamps.com) for details and registration deadlines. Online class dates are listed under their related boot camps in this brochure and are available as options for:

- Clinical Documentation Improvement Boot Camp
- ICD-10 for CDI Boot Camp

<b>Clinical Documentation Improvement Boot Camp</b>	<b>Page 2</b>
<b>ICD-10 for CDI Boot Camp</b>	<b>Page 4</b>
<b>Association of Clinical Documentation Improvement Specialists (ACDIS)</b>	<b>Page 6</b>
<b>Certified Clinical Documentation Specialist (CCDS)</b>	<b>Page 7</b>
<b>Free e-Newsletter: <i>CDI Strategies</i></b>	<b>Page 7</b>

**Are continuing education credits provided?**

Visit us at [www.hcprobootcamps.com](http://www.hcprobootcamps.com) for complete information about continuing education credits. Depending on the particular Boot Camp, HCPro Coder Boot Camps offer continuing education credits from the following organizations:

- AAPC
- American Nurses Credentialing Center (ANCC-Nursing CE)
- Commission for Case Manager Certification (CCMC)
- ACCME Continuing Medical Education (CME)
- ACDIS (CCDS)

**Who should attend an HCPro CDI Boot Camp?**

- |                                     |                                      |
|-------------------------------------|--------------------------------------|
| CDI specialists                     | CDI managers/directors               |
| Physician champions/advisors to CDI | Coding compliance directors/managers |
| HIM directors                       | Coding compliance specialists        |
| DRG coordinators                    | Inpatient coders                     |
| Coding managers/supervisors         | Case management directors/managers   |
| Revenue cycle directors             | Quality improvement professionals    |

**What about making hotel arrangements for classroom training?**

Detailed information about the hotel accommodations for each boot camp around the country is available on our website at [www.hcprobootcamps.com](http://www.hcprobootcamps.com).

**Special room rates are available for HCPro Boot Camp attendees—book early!**

We have negotiated a special rate for a limited number of rooms at each course location. Rooms are available on a first-come, first-served basis and may sell out before the cutoff date. Make your hotel reservations immediately to guarantee the hotel rate and availability, and be sure to identify yourself as a participant of an HCPro Boot Camp.

**Registering for a course**

The registration fee listed for each Boot Camp includes the course workbook. Depending on the class, there may be coding manuals required for attendance, which are not included in the course fee. For information regarding administrative policies, such as cancellations, transfers, refunds, or comments, call 800/780-0584 or visit [www.hcprobootcamps.com](http://www.hcprobootcamps.com).

**NEED TO TRAIN A GROUP?**

Bring an **HCPro Boot Camp®** to your organization. If you have a group to train, holding a Boot Camp at your organization is easy and cost-effective. Eliminate travel costs and enjoy a group discount while ensuring your staff is up to date on the latest regulations and guidelines. Course content and length can be customized to meet the specific needs of your facility.

To learn more about customized on-site boot camps or blended education programs (live or online), call 877/233-8828 or e-mail [info@hcpro.com](mailto:info@hcpro.com) for more information.

**REGISTER FOR 2012 CLASSES TODAY!**

Visit [www.hcprobootcamps.com](http://www.hcprobootcamps.com), mail in the order form, or call 800/780-0584. ACDIS members get \$150 off of their Boot Camp registration. Nonmember or member, if you use your Boot Camp Catalog Source Code ET109527A when you order, you'll get an additional \$25 discount on your registration!

# Clinical Documentation Improvement Boot Camp®

## LIVE AND ONLINE

NONMEMBER REGISTRATION FEE: \$1,299

ACDIS MEMBER REGISTRATION FEE: \$1,149

### Master CDI skills for program and professional excellence

Developed for new clinical documentation improvement (CDI) specialists or CDI specialists in need of formalized training, the **Clinical Documentation Improvement Boot Camp** is a four-day educational experience that focuses on hands-on skills development.

The **Clinical Documentation Improvement Boot Camp** will benefit those new to or transitioning into the CDI profession, those with established CDI programs, those who need a refresher on the basics, and professionals preparing for the CCDS exam.

The **CDI Boot Camp**® will help you:

- Implement a step-by-step process for thorough medical record review, including assessing undocumented diagnoses based on clinical indicators
- Understand the relationship between ICD-9 CM diagnosis and procedure coding, MS-DRG assignment, and the documentation improvement process
- Build ICD-9-CM coding and DRG assignment knowledge
- Recognize clinical indicators for problematic diagnoses such as congestive heart failure, sepsis, renal failure, and encephalopathy
- Demonstrate effective verbal and written physician query techniques
- Teach physicians the value of improved documentation and the impact on individual profiles and E/M payments
- Understand the impact of compliance initiatives, including RACs, on CDI programs
- Identify the key metrics for determining the progress of CDI programs, specialists, and participating physicians

## 2012 Class Dates and Locations

**JANUARY 23–26**

**SAN ANTONIO, TX**

**JULY 16–19**

**SEATTLE, WA**

**FEBRUARY 6–9**

**ORLANDO, FL**

**AUGUST 6–9**

**CHICAGO, IL**

**MARCH 5–8**

**SCOTTSDALE, AZ**

**SEPTEMBER 17–20**

**BOSTON, MA**

**APRIL 23–26**

**ATLANTA, GA**

**OCTOBER 15–18**

**NASHVILLE, TN**

**JUNE 25–28**

**DENVER, CO**

**NOVEMBER 5–8**

**LAS VEGAS, NV**

Class times are: 8 a.m.–5:30 p.m. Monday–Thursday.

## Online Class Start Dates

**JANUARY 9**

**APRIL 9**

**JULY 16**

**OCTOBER 15**

**FEBRUARY 13**

**MAY 14**

**AUGUST 13**

**NOVEMBER 5**

**MARCH 12**

**JUNE 11**

**SEPTEMBER 10**

**DECEMBER 3**

**2012 Online Classes** are two weeks long, and begin on the above dates. Registration closes the week prior to the class start date. The online course material will be accessible for six weeks following the end of the class.

## REGISTER FOR 2012 CLASSES TODAY!

Visit [www.hcprobootcamps.com](http://www.hcprobootcamps.com), mail in the order form, or call 800/780-0584. ACDIS members get \$150 off of their Boot Camp registration. Nonmember or member, if you use your Boot Camp Catalog Source Code ET109527A when you order, you'll get an additional \$25 discount on your registration!

# Agenda

## DAY ONE

### Overview of Clinical Documentation Improvement (CDI)

- What is CDI?
- Who is the clinical documentation specialist (CDS)?
- What is the role of the CDS?

### Inpatient Prospective Payment System and MS-DRGs

- Overview of the Medicare system
  - Key terminology
- What is an MS-DRG?
- How is the DRG assigned?
  - Principal diagnosis
  - Complications/comorbidities (CCs) & major CCs
  - Principal procedure
- Case-mix index (CMI)
  - Relative weight
  - Blended rate
  - How is CMI calculated?
  - Why does CMI matter?

### Getting to Know DRG Expert, Official ICD-9-CM Coding Guidelines and Coding Clinic

- Major Diagnostic Categories (MDC)
- Medical vs. surgical DRGs
- ICD-9-CM codes
- Alpha and numeric indexes
- Selection of principal diagnosis
- Reporting of secondary diagnoses
- Present on admission/hospital-acquired conditions
- Whose documentation counts?
- Sample exercises

### Focused Physiology/Pharmacology/ Disease Processes Infectious Diseases (MDC 18)

- Clinical signs and symptoms
  - SIRS/sepsis/severe sepsis/septic shock
  - Postoperative and post traumatic infections
  - Fever of unknown origin
- *Coding Clinic* guidelines
- Clinical case scenarios

## DAY TWO

### Diseases of the Respiratory System (MDC 4)

- Clinical signs and symptoms
  - COPD
  - Simple vs. complex pneumonia
  - Aspiration pneumonia
  - Respiratory failure
  - Mechanical ventilators
- *Coding Clinic* guidelines
- Clinical case scenarios

### Diseases of the Cardiovascular System (MDC 5)

- Clinical signs and symptoms
  - Chest pain/angina/CAD
  - Congestive heart failure
  - Acute myocardial infarction
  - Cardiac catheterizations
  - PTCA and other cardiac procedures
- *Coding Clinic* guidelines
- Clinical case scenarios

### Diseases of the Digestive and Hepatobiliary System (MDCs 6, 7)

- Clinical signs and symptoms
- Major esophageal disorders
- Neoplasms
- Esophagitis, gastritis
- GI bleeds
- Blood loss anemia
- Cirrhosis and hepatitis
- *Coding Clinic* guidelines
- Clinical case scenarios

### Diseases of the Urinary System (MDC 11)

- Clinical signs and symptoms
  - Acute renal failure/acute kidney injury
  - Chronic kidney disease
  - Urosepsis vs. UTI
  - UTI and sepsis/SIRS related to indwelling catheter
  - Diabetic renal manifestations
  - Admission for dialysis
- *Coding Clinic* guidelines
- Clinical case scenarios

## DAY THREE

### Diseases of the Endocrine System and Nutritional Disorders (MDC 10)

- Clinical signs and symptoms
  - DM type I and II
  - Complications of DM
  - Dehydration and malnutrition
  - Electrolyte imbalances
  - Common CC's in this MDC
  - Endocrine Dx
- *Coding Clinic* guidelines
- Clinical case scenarios

### Diseases of the Neuro System (MDC 1)

- Clinical signs and symptoms
  - TIA v. CVA
  - Seizures vs. epilepsy
  - Diabetic manifestations
  - Carotid artery procedures
- *Coding Clinic* guidelines
- Clinical case scenarios

### Diseases of the Skin (MDC 9)

- Clinical signs and symptoms
  - Pressure ulcers
  - Excisional debridements
- *Coding Clinic* guidelines
- Clinical case scenarios

### Other Diseases

- Clinical signs and symptoms
  - HIV disease
  - Obesity and BMI
  - Anemias
  - Injuries and poisonings
  - Multiple significant trauma
  - Myeloproliferative diseases and neoplasms
  - Symptoms
- *Coding Clinic* guidelines
- Clinical case scenarios

## DAY FOUR

### Developing Communication Skills With Physicians/Ancillary Staff

- Teaching physicians “what’s in it for them”
- CDI and its effect on physician profiles and E/M payments

### Reviewing the Medical Record

- Finding clinical support for queries
- Developing a system for thorough review
  - Frequency of review
  - Emergency room notes
  - Progress notes/operative reports/dictation
  - Nonphysician/ancillary documentation

### Constructing Physician Queries

- What is a query?
- AHIMA guidelines
- Written vs. verbal query processes
- Concurrent vs. retrospective queries
- Present-on-admission queries
- Use of standardized query templates and clinical indicators
- How to track query response

### Measuring the Success of a CDI Program

- What to measure—analysis and objectives
- CMI vs. performance
- Severity of illness/risk of mortality
- Performance tracking and trending your performance by:
  - Program
  - Physician
  - Hospital department
  - CDI specialist

### Professionalism, Ethics, and Compliance

- RAC program
  - Integrating CDI with RAC defense
  - Denials and CDI response
- OIG audits
  - Case examples and questions
- CDI program compliance

\*Agenda subject to change

You'll also receive supplemental materials including sample query forms and policies you can take back to your facility and use right away.

# ICD-10 for CDI Boot Camp™

**NONMEMBER REGISTRATION FEE: \$995**

**ACDIS MEMBER REGISTRATION FEE: \$895**

## **Learn ICD-10 from the clinical documentation specialist's point of view**

Participants will walk away with a thorough grounding of the changing documentation and coding requirements under ICD-10. Crafted especially for CDI specialists, the two-day **ICD-10 for CDI Boot Camp** includes an overview of the reasons why the change to ICD-10 is occurring as well as a review of ICD-10-CM and PCS coding conventions. The majority of the course is a review of frequently reported diagnoses in ICD-9 and the additional documentation specificity that CDI specialists will need to obtain under ICD-10. Each section contains a clinical scenario that will require students to put lessons learned into practice.

At the end of this program, participants will be able to:

- Demonstrate the reasons for the conversion to the ICD-10-CM/PCS system
- Apply general ICD-10-CM and ICD-10-PCS coding conventions
- Identify additional documentation required for accurate ICD-10-CM diagnosis code assignment
- Identify coding guidelines unique to ICD-10-CM and PCS
- Identify common situations that will require physician queries in ICD-10-CM
- Sequence adverse effects, poisonings, and underdosings
- Identify documentation requirements for accurate reporting of neoplasms and side effects of treatment
- Denote required documentation for accurate reporting of injuries
- Define how combination codes affect CC/MCC status and DRG assignment
- Apply knowledge of additional documentation requirements and coding guidelines to clinical scenarios

## 2012 Class Dates and Locations

---

<b>MAY 8-9</b>	<b>SAN DIEGO, CA</b>
<b>JUNE 4-5</b>	<b>CHICAGO, IL</b>
<b>SEPTEMBER 24-25</b>	<b>ATLANTA, GA</b>
<b>OCTOBER 29-30</b>	<b>PHILADELPHIA, PA</b>
<b>NOVEMBER 12-13</b>	<b>ORLANDO, FL</b>

Class times are: 8 a.m.–5:00 p.m. each day.

## Online Class Start Dates

---

<b>SEPTEMBER 10</b>	<b>OCTOBER 15</b>	<b>NOVEMBER 5</b>	<b>DECEMBER 3</b>
---------------------	-------------------	-------------------	-------------------

**2012 Online Classes** are two weeks long, and begin on the above dates. Registration closes the week prior to the class start date. The online course material will be accessible for six weeks following the end of the class.

# Agenda

## DAY ONE

### CDI-related topics—overview and general guidelines

- Background information (why we are changing to ICD-10)
- Comparisons of ICD-9 and ICD-10 (CM and PCS)
- Etiology/manifestation sequencing rules
- Coding conventions

### CDI opportunities (specificity) in ICD-10 by body system and related chapter-specific guidelines

- Respiratory
  - Bacterial pneumonias with unique codes
  - Acute bronchitis d/t specified organisms
  - Reporting tobacco: use/exposure/dependence/history of use/occupational exposure with respiratory PDx
  - Asthma specificity
  - Postop respiratory complications
  - Respiratory failure
- Circulatory
  - Hypertension
  - Reporting tobacco: use/exposure/dependence/history of use/occupational exposure
  - HTN and associated diseases (e.g., CKD, heart disease)
  - Myocardial infarction: initial vs. subsequent
  - Chronic ischemic heart disease: complication codes
  - Heart failure: “code first” situations, excludes notes
  - Other diagnoses
- GI
  - Esophageal disorders: “code first” and excludes notes
  - Ulcers: acuity/chronicity; anatomic location; complications: hemorrhage, perforation
  - Obstructive diseases: anatomic location; acuity/chronicity
  - Hernias: anatomic location, laterality; complications
  - Other diagnoses

## DAY TWO

### CDI opportunities (specificity) in ICD-10 by body system and related chapter-specific guidelines (cont.)

- Hepatobiliary
  - Alcohol-related liver disease: “code first” notes; alcohol abuse/dependence codes
  - Gallbladder disease: acuity/chronicity; with other (cholecystitis/cholangitis) disorders; complications: obstruction
  - Pancreas disorders
  - Other diagnoses
- Endocrine
  - Diabetes
  - Hyperlipidemia: requires specific type: pure, mixed, other vs. unspecified
  - Malnutrition
  - Clinical scenario
- Renal
  - Nephrotic/nephritic syndromes: with associated changes, lesions, glomerulonephritis; “code first” situations
  - Acute kidney failure
  - CKD: “code first” situations, “additional code required” situations
  - Other diagnoses
- Neurology and pain
  - Reporting pain: acute vs. chronic
  - Epilepsy vs. seizure (intractable definition)
  - TIA
  - Other diagnoses
- Injuries: ortho/musculoskeletal/burns
  - Fractures: reported by body site first: anatomic location and laterality; closed, greenstick, transverse, oblique, spiral, comminuted, segmental, other
  - Burns and corrosions: type of encounter: initial, subsequent, sequela
  - Other diagnoses
- Infectious
  - Pertinent coding guidelines for reporting infectious diseases
  - Sepsis reporting
  - Neoplasms
  - Pertinent reporting guidelines
  - Primary/secondary
  - Mass vs. tumor
  - Coding from pathology reports
  - Other diagnoses

### CDI opportunities (specificity) in ICD-10 by body system and related Chapter specific guidelines (cont.)

- Symptoms, signs, and abnormal clinical and laboratory findings, not elsewhere classified
  - Reporting guidelines
  - SIRS
  - Severe sepsis
  - Other diagnoses
- Injuries, adverse effects, poisoning, underdosing, and toxic effects
  - Definition of poisoning vs. adverse effect
  - Definition of underdosing
  - General reporting guidelines related to poisoning, adverse effect, and underdosing
  - Reporting episode of care: initial, subsequent, sequela
  - Other diagnoses

\*Agenda subject to change

## REGISTER FOR 2012 CLASSES TODAY!

Visit [www.hcprobootcamps.com](http://www.hcprobootcamps.com), mail in the order form, or call 800/780-0584. ACDIS members get \$150 off of their Boot Camp registration. Nonmember or member, if you use your Boot Camp Catalog Source Code ET109527A when you order, you'll get an additional \$25 discount on your registration!

# Association of Clinical Documentation Improvement Specialists (ACDIS)

**MEMBERSHIP IS ONLY \$129 PER YEAR!**

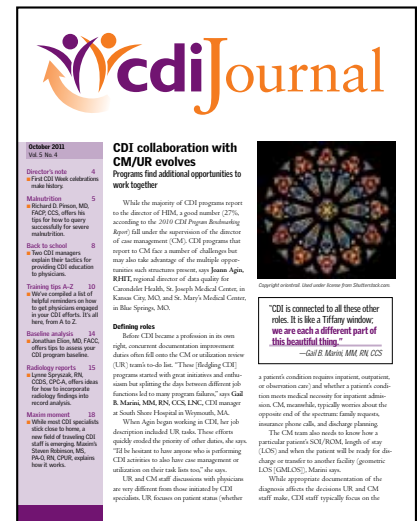

**The Association of Clinical Documentation Improvement Specialists (ACDIS)** is the only national membership association created especially for CDI professionals to bring together people of various backgrounds into one forum. Members share the latest tested tips, tools, and strategies to implement successful CDI programs and achieve professional growth.

More than 2,700 members of **ACDIS** benefit from great ideas and strategies for CDI specialists as well as managers of CDI departments, case managers, and physician advisors.

**To join or learn more, visit [www.cdiassociation.com](http://www.cdiassociation.com) or call 800/780-0584.**

**ACDIS** membership includes:

- **CDI Journal:** This quarterly electronic journal focuses on critical business issues and processes such as strategies for preventing RAC denials, and advice on effective querying.
- **Quarterly member conference calls and a members-only talk group.** ACDIS members network with their peers, leaders, and advisors; and discuss CDI issues, best practices, and ideas.
- **Special reports and surveys:** ACDIS provides exclusive members-only reports on salaries, productivity, department organization, and more.
- **ACDIS library of forms and tools:** ACDIS members share tools that have worked at their organizations.
- **Members-only e-learning courses:** Topics include present on admission, hospital-acquired conditions, and the MS-DRG system, and all courses are approved for continuing education credits.
- **Special savings:** Members get discounts on selected CDI products from HCPro, including the CDI Boot Camp, and the annual national conference!

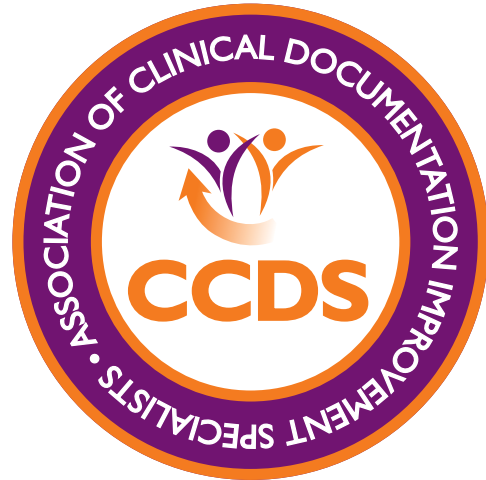

# Are you ready to become a Certified Clinical Documentation Specialist (CCDS)?

## ***Earn your CCDS credential now!***

**Exam Fee: \$295/ ACDIS Member Exam Fee: \$255**

ACDIS is proud to sponsor the **Certified Clinical Documentation Specialist (CCDS)** credential, the certification designed by CDI specialists for CDI specialists.

To learn more about the CCDS credential, visit the **ACDIS** website at [www.acdis.org](http://www.acdis.org) and click on the certification tab. Over 700 CCDS credential holders nationwide represent the finest in our profession and play a key role in the integrity of the healthcare revenue cycle. Achievement of the CCDS demonstrates expertise, competency, and knowledge of a wide range of specialized disciplines.

The CCDS exam can be taken at multiple secure testing centers around the nation. To learn more about the exam, visit [www.acdis.org](http://www.acdis.org), and click on Certification in the menu. Applicants may apply online or download and mail their application.

**Take advantage of the free CDI Strategies e-newsletter!**

**A biweekly e-mail newsletter**, loaded with helpful CDI tips and timely news items. To subscribe, just visit us online at [www.hcmarketplace.com/free/e-newsletters](http://www.hcmarketplace.com/free/e-newsletters)

## **REGISTER FOR 2012 CLASSES TODAY!**

Visit [www.hcprobbootcamps.com](http://www.hcprobbootcamps.com), mail in the order form, or call 800/780-0584. ACDIS members get \$150 off of their Boot Camp registration. Nonmember or member, if you use your Boot Camp Catalog Source Code ET109527A when you order, you'll get an additional \$25 discount on your registration!

# Meet the Faculty

**Lynne Spryszak, RN, CCDS, CPC-A, an AHIMA-approved ICD-10-CM/PCS trainer,** is the CDI education director for HCPro, Inc., in Danvers, MA, and the lead instructor for HCPro's **Physician Queries Boot Camp** and **ICD-10 for CDI Boot Camp**. Prior to joining HCPro, Spryszak managed the CDI program at a 400-bed acute care facility in the Chicago area. Her previous experience includes positions as senior consultant in the field of clinical documentation improvement; as a certified case manager with a privately held case management firm specializing in catastrophic case management; home hospice case manager; and staff nurse with positions on medical-surgical and oncology units. She serves on the board of the Association of Clinical Documentation Improvement Specialists (ACDIS) and is a content developer for the Certified Clinical Documentation Specialist (CCDS) exam. Spryszak is a recipient of the *2009 Recognition of CDI Professional Achievement award from ACDIS*.

**Sylvia Hoffman, RN, C-CDI, CCDS,** served as a clinical documentation specialist at Tampa General Hospital in Tampa, FL, before starting her own Tampa-based CDI consulting practice. She has 15 years of acute care hospital-based experience and 10 years, case management experience. Hoffman is a past president of the Florida ACDIS regional chapter and is a featured writer for the ACDIS Blog.

## Interested in HCPro Boot Camp training for other members of your organization?

**HCPro also offers the following Boot Camps. Please visit [www.hcprobootcamps.com](http://www.hcprobootcamps.com) for details.**

- Medicare Boot Camp—Hospital Version
- Certified Coder Boot Camp—Inpatient Version
- Physician Query Boot Camp (available only as custom on-site training)

# Course Registration Form

**Please mail or fax the completed form to:**
