Certified Coder Boot Camp®

The premier CPC® exam preparation course for coders

The demand for certified coders has never been higher. If you want to take your career to the next level with certification, the Certified Coder Boot Camp will fully prepare you for the AAPC’s CPC exam. The Certified Coder Boot Camp teaches the fundamentals of CPT, ICD-9, and HCPCS Level II coding you need for all medical and surgical specialties.

THIS BOOT CAMP WILL HELP YOU:
• Understand and apply coding principles appropriately
• Navigate coding manuals
• Prevent denials and missed revenue
• Maintain compliance with the latest codes
• Learn how to code procedures from all chapters of the CPT manual

Walk away from class ready to take the CPC exam!
Coders complete hundreds of coding exercises and a CPC practice exam. Instructors review materials with students, giving immediate feedback and remediation to ensure students walk away proficient in accurately assigning codes.

Why do you need ICD-9 training when ICD-10-CM is right around the corner?
AAPC’s CPC exam currently includes questions on ICD-9-CM codes. The Certified Coder Boot Camp is committed to preparing you for this important exam and will continue to teach ICD-9-CM until the CPC exam is converted to ICD-10-CM.

Want to save $300?
Purchase both the Certified Coder Boot Camp and the Certified Coder Boot Camp—ICD-10-CM Version Only at once and save $300!

Please use coupon code: CCBCCM14.

Attend our Certified Coder Boot Camp to get everything you need to pass your CPC exam, but when you’re ready for ICD-10-CM training, attend the Certified Coder Boot Camp—ICD-10-CM Version Only and get a special discount!

Certified Coder Boot Camp—ICD-10-CM Version Only will teach outpatient, professional services, and ancillary coders how to code in ICD-10-CM.
COURSE OUTLINE

DAY 1
- Introduction and Coding Fundamentals
- Diagnosis Coding (ICD-9-CM)
- Introduction to CPT; Evaluation and Management Services

DAY 2
- Coding Anesthesia Services
- Introduction to Surgery Coding and Coding Integumentary Procedures
- Coding Musculoskeletal Procedures

DAY 3
- Coding Respiratory Procedures
- Coding Cardiovascular Procedures
- Coding Digestive System Procedures

DAY 4
- Coding Urinary/Genital System, Obstetrics, and Endocrine Procedures
- Coding Nervous System Procedures
- Coding Eye, Ocular, and Auditory Procedures
- Coding Radiology Services

DAY 5
- Coding Pathology and Laboratory Services
- Coding Medicine Services
- HCPCS II Coding

Courses run from 8:00 AM—5:30 PM Monday–Thursday, 8:00 AM—3:00 PM on Friday.
*Course agenda subject to change. For complete agenda, visit www.hcprobootcamps.com.

Certified Coder Boot Camp®
Online Version

The bestselling Certified Coder Boot Camp is also available online!

Can’t take a week off of work to train? Take the course online in one month!
Certified Coder Boot Camp Online teaches the fundamentals of CPT, ICD-9, and HCPCS Level II coding you need for all medical and surgical specialties.

How does it work?
Using a combination of online lecture, interactive course work, coding exercises, and instructor conference calls, this intensive online course gives you the same content and instruction that you would experience at our classroom-based nationally recognized Boot Camps.

Benefits of the online boot camp include:

- **60-day access to video instruction:** View the video sessions and participate in an office hour call following the second week of access.

- **Live interaction with experts:** You’ll be able to ask questions and get guidance from our instructors during two live office hour calls. Students can also submit questions via email throughout the course.

- **Custom-designed course materials:** You’ll receive your Boot Camp materials with presentations and practice exercises, if applicable, prior to the start of class.

- **24-hour access:** Video instruction is available any time of day. You choose the time that works for you. You can also email questions to our instructors.

Certified Coder Boot Camp®
ICD-10-CM Version Only

You’ve trusted us for years to deliver, accurate, and efficient coding training. Now we can help you master ICD-10-CM.

The Certified Coder Boot Camp®—ICD-10-CM Version Only provides comprehensive training on ICD-10-CM for professional and ancillary service coders or payers who review claims for outpatient services. Our expert instructors introduce students to the new coding system and explore all new and revised coding conventions/guidelines. In-depth discussions about common ICD-10-CM chapter specific codes and a focus on hands-on exercises give coders the skills and confidence they need to tackle ICD-10-CM and accurately assign ICD-10 codes for all medical and surgical specialties. Students will walk away ready to sit for an upcoming proficiency exam.

The Certified Coder Boot Camp—ICD-10-CM Version Only isn’t just any ICD-10 coding course. Check out all the benefits this Boot Camp offers:

• **Rules-based learning:** Our instructors only use recognized source authorities, such as the Official Guidelines for ICD-10-CM and ICD-10-PCS Coding Guidelines and the AHA’s ICD-10 Coding Clinic, in course materials.

• **We teach then test:** Coding is not truly mastered without exercises that test comprehension. Students complete exercises for each module and review the answers with the instructors. We provide answer keys so that coders can refer to the materials long after the Boot Camp is over.

• **Learn from the experts:** Our instructors have a unique combination of real-world coding and adult education experience. They present complex coding topics in an easy-to-understand manner.

• **Earn valuable CEs to maintain your credentials:** This course offers CEs from several major national and state organizations.

• **Well-established program:** HCPro is the nation’s first organization to offer Boot Camp training courses to healthcare coding professionals.

Who should take this course?
This course is designed for those responsible for coding or reviewing codes for professional services and hospital outpatient services, including ancillary services. Responsible for acute inpatient facility coding using both ICD-10 diagnosis and procedure codes? The Certified Coder ICD-10-CM & ICD-10-PCS course is for you.

What do I need for class?
Please bring the most current version of the ICD-10-CM manuals.
COURSE OUTLINE

--- DAY 1 ---
- Introduction to ICD-10-CM
- ICD-10-CM Conventions
- Official Guidelines for Coding and Reporting: Section IV Diagnostic Coding and Reporting for Physician Services

--- DAY 2 ---
- ICD-10-CM Chapter-Specific Coding (A00–Z99), such as coding for diabetes mellitus, CVAs, acute myocardial infarctions, sepsis, fractures and so much MORE!

Courses run from 8:00 AM—5:00 PM Monday and Tuesday. *Course agenda subject to change. For complete agenda, visit www.hcprobootcamps.com.

Certified Coder Boot Camp®

ICD-10-CM & ICD-10-PCS

The most effective and efficient ICD-10-CM/PCS coding class available.

The Certified Coder Boot Camp—ICD-10-CM & ICD-10-PCS uses a combination of lecture, class discussion, and hands-on exercises to make hospital inpatient coders proficient in assigning diagnosis and procedure codes for inpatient services.

Our expert instructors begin class with an introduction to the new coding classification system, exploring all new and revised coding conventions/guidelines. Instructors then move into in-depth discussions about common ICD-10-CM chapter-specific codes. The last portion of class covers inpatient-specific topics, such as ICD-10-PCS structure, procedure code selection from the ICD-10-PCS tables, application of root operation definitions, and associated guidelines. Class ends with a discussion of how ICD-10 affects the MS-DRG payment classification system.

The Certified Coder Boot Camp—ICD-10-CM & ICD-10-PCS isn’t just any ICD-10 coding course. Check out all the benefits this Boot Camp offers:

• **Rules-based learning:** Our instructors only use recognized source authorities, such as the Official Guidelines for ICD-10-CM and ICD-10-PCS Coding Guidelines and the AHA’s ICD-10 Coding Clinic, in course materials.

• **We teach then test:** Coding is an activity that is not truly mastered without exercises that test comprehension. Students complete exercises for each module and review the answers with the instructors. We provide answer keys and rationale to all exercises so that coders can refer to the materials long after the boot camp is over.

• **Learn from the experts:** Our instructors have a unique combination of real world coding experience and adult education experience. They know exactly what coders need to learn and how to present complex coding topics in an easy-to-understand manner.

• **Earn valuable CEs to maintain your credentials:** This course offers CEs from several major national and state organizations.

• **Custom-Designed Course Materials:** Proprietary materials and exercises are developed by instructors specifically for this immersion learning format.

• **Well-established program:** HCPro is the nation’s first organization to offer boot camp training courses to healthcare coding professionals.

Certified Coder Boot Camp®

ICD-10-CM & ICD-10-PCS Online

The Certified Coder Boot Camp—ICD-10-CM & ICD-10-PCS Online is an intensive four-week online course that will give you the confidence needed to assign codes in ICD-10-CM/PCS.

Using video lectures, our expert instructors introduce students to the new coding system, and explore all new and revised coding conventions/guidelines. In-depth discussions about common ICD-10-CM chapter-specific codes and hands on exercises ensure coders are proficient in assigning diagnosis codes. Instructors then cover inpatient-specific topics, such as ICD-10-PCS structure, procedure code selection from the ICD-10-PCS tables, application of root operation definitions, and associated guidelines. The final module discusses how ICD-10 affects the MS-DRG payment classification system.

How does it work?
The Certified Coder Boot Camp—ICD-10-CM & ICD-10-PCS Online uses a combination of online lectures, interactive course work, exercises, and instructor conference calls to give you the same content, tools, and exercises that our live Boot Camp provides.

Benefits of the online boot camp include:
60-day access to video instruction: View the video sessions and participate in an office hour call following the second week of access.
Live interaction with experts: You’ll be able to ask questions and get guidance from our instructors during two live office hour calls. Students can also submit questions via email throughout the course.
Custom-designed course materials: You’ll receive your Boot Camp materials with presentations and practice exercises, if applicable, prior to the start of class.
24-hour access: Video instruction is available any time of day. You choose the time that works for you. You can also email questions to our instructors.

What do I need for class?
Please have the most current version of the ICD-10-CM/PCS manuals so that you can complete the exercises.

EXPERT TRAINERS

SHANNON E. MCCALL, RHIA, CCS, CCS-P, CPC, CPC-I, CEMC, CCDS
Shannon McCall is the director of HIM and coding for HCPro, Inc. She oversees all of the Certified Coder Boot Camp programs. McCall developed the Certified Coder Boot Camp®—Inpatient Version, the Evaluation and Management Boot Camp™, and the HCPro ICD-10 Basics Boot Camp™; most recently, she collaborated with her team to develop the Certified Coder Boot Camp®—ICD-10 CM/PCS versions. McCall works with hospitals, medical practices, and other healthcare providers on a wide range of coding-related custom education sessions.

JENNIFER AVERY, CCS, CPC-H, CPC, CPC-I
Jennifer Avery is a senior regulatory specialist with HCPro, Inc., and an instructor for the company’s Certified Coder Boot Camp (live and online), the Certified Coder Boot Camp—Inpatient Version, and all of the ICD-10-CM/PCS-related educational courses (live and online). She has extensive experience as both an inpatient and outpatient coder for physicians and facilities.

PEGGY S. BLUE, MPH, CPC, CCS-P
Peggy Blue is the lead instructor for the Medicare Boot Camp®—Physician Services Version as well as an instructor for the Certified Coder Boot Camp (live and online) and the Evaluation and Management Boot Camp. She also is an instructor for all of the ICD-10-CM/PCS-related educational courses (live and online). Prior to joining HCPro, Blue oversaw the development, implementation, dissemination, and reporting of information related to Medicare professional services training efforts for Highmark Medicare Services.

LISA RAE ROPER, MHA, MS, CCS-P, CPC, CPC-I
Lisa Rae Roper has over 25 years of experience in business management, training program development, coding, and healthcare consulting. She owns an independent consulting firm where she focuses on projects in business management and training with universities, state and local health departments, specialty physician offices, hospital outpatient facilities, and surgical centers. She is a frequent speaker, author, and contributor with many nationally recognized organizations and publications.

JILLIAN HARRINGTON MHA, CPC, CPC-I, CPC-P, CCS, CCS-P, MHP
Jillian Harrington has more than 20 years of experience in the health care profession. She is an approved instructor of the Professional Medical Coding Curriculum, awarded by the American Academy of Professional Coders, and teaches coding for physician and hospital services, as well as health care administration. She has spoken frequently on health care compliance and health information management issues at regional and national professional conferences.

Faculty subject to change. Faculty Disclosure Statement: HCPro, Inc., has confirmed that none of the faculty presenters or contributors have any relevant financial relationships to disclose related to the content of this educational activity. Biographical information for HCPro’s other instructors is available on our website. To find out which instructor is scheduled to teach a particular class, please contact us at 800-780-0584 or visit www.hcprobootcamps.com.
HCPro’s industry-leading instructors will travel to your facility, on your schedule to provide consistent training to all of your staff on the latest rules and guidance.

**Our onsites offer all the same HCPro Boot Camp benefits:**

- CEs from a variety of healthcare organizations
- Instructors who have a unique combination of in-the-field and adult education expertise
- Course materials developed by instructors specifically for an intensive learning format
- Exercises and hands on learning activities
- The opportunity for your staff to network

HCPro’s onsite Boot Camps are a convenient and cost-effective way to train your staff. By avoiding the costly expense of travel your facility can save up to 60%.*

Choose from our catalogue of Boot Camps or work with our industry-leading instructors for a customized course. Contact HCPro at **877-233-8374** or at **sales@hcpro.com** for more information about HCPro Onsite Boot Camps.

*Savings based on the training and travel costs of 20 staff members.
